## SUMMARY

Enterprise AI technical product marketer and operator co-owning global GTM for Cloudera's strategic AI portfolio. Leads positioning, launches, partner narratives, and technical enablement across model inference, agent platforms, and APIs, supporting a **700+ person sales organization** and customer programs reaching **500+ session attendees**. Hands-on builder who translates architecture, governance, and AI economics into clear narratives for developers, enterprise buyers, and executives.

## PROFESSIONAL EXPERIENCE

**Cloudera, Sr. Product Marketing Specialist, AI**, Los Angeles, CA (Remote) Jan 2026 – Present

- Co-own GTM strategy and execution for Cloudera's AI portfolio, with direct ownership across AI Inference, Agent Studio, and strategic partner messaging. AI track owner at [EVOLVE26 Singapore](#), directing the narrative, content, and speaker alignment for four sessions reaching **500+ enterprise customers and prospects**.
- Lead technical GTM for [Cloudera AI Inference](#), powered by NVIDIA NIM across private, public, and air-gapped environments. Drove the business and technical case that secured an **eight-figure expansion** for a banking customer by quantifying the cost, infrastructure, and governance requirements of scaling from **1,000 to 15,000 users** and demonstrating **3–5×** greater GPU utilization than a DIY deployment.
- Lead continuous product enablement for a **700+ person global sales organization**, translating enterprise AI capabilities into sales plays, competitive positioning, and technical proof points; presented the AI Inference sales strategy and live demo at Sales Kickoff 2026.
- Drive cross-functional AI launches across product, engineering, partner, and PR teams; develop technical joint GTM narratives and partner messaging with [NVIDIA](#), [VAST Data](#) and [Mistral AI](#), alongside press releases, technical launch content, thought leadership, and field enablement for enterprise AI products.

**Product Marketing Analyst, Data Engineering** June 2024 – Dec 2025

- Owned product marketing for Cloudera Data Engineering, contributing to **8.3% YoY ARR** growth for the product portfolio.
- Delivered live demos and technical presentations to **500+ customers** at global flagship events, [EVOLVE25](#) (Sao Paulo, DC).
- Drove creation of the flagship [Apache Iceberg For Dummies](#) educational asset by partnering with the lead author to define narrative structure, distill complex interoperability and lakehouse concepts, and align contributions across engineering and product stakeholders.

**MoeGo, Growth Product Marketer (Part-time Contractor)**, Los Angeles, CA (Remote) Sept 2023 – May 2024; Feb 2026 – Present

*Series A Pet Care B2B SaaS startup backed by Base 10 Partners.*

- Built a shared [GTM Operating System](#) unifying Salesforce, internal product knowledge, competitive research, and **10+** pet-care communities as sources of market signals; expanded signal coverage from **10–20** manually reviewed threads to **100+** relevant threads per week, enabling same-day risk detection and surfacing **\$20K+** in competitive opportunities.
- Activated the intelligence system in outbound by segmenting **10K+** dormant MQLs into separate grooming and boarding/daycare growth operator campaigns; reduced production time from roughly two weeks to two days, lifted average open rates from **20% to 48%**, generating eight paid customers.
- Closed the loop through paid acquisition by reusing ICP-specific landing pages in **Google Ads**; generated **19** demo bookings from **~\$1.1K in spend (~\$60 per booking)**, then used search-term and conversion analysis to refine positioning and distinguish branded demand capture from nonbrand acquisition.

**ByteDance, Global Business Marketing ([TikTok for Business](#)) - Product Marketing Intern**, Beijing, China Jan 2021 – May 2021

- Developed data-driven industry narratives and value propositions for TikTok advertising solutions across **20+** verticals.
- Coordinate newsletter campaigns for industry case studies across FMCG and fashion brands, increased open rate by **10%+**.
- Managed internal knowledge center, case study hub, and product communications for global business teams.

## ENTREPRENEURSHIP

**Trivo – Co-Founder** Apr 2024 – Jan 2025

Led product strategy, GTM, and stakeholder engagement for an AI-powered clinical trial matching platform. Led a 5-person team to win [1st place](#) at the Silicon Valley MindState Ideation Competition and pitched the MVP to **80+** investors and healthcare **executives**.

**Peachy – Product Lead, Full Stack Engineer** July 2023 – Aug 2023

[Won](#) the Grand Prize (**top 0.4%**) in the “Hack MongoDB on Google Cloud” Hackathon by developing a Slack GenAI assistant. **Designed** and **deployed** cloud-native GenAI application using LLM APIs (Gemini), Slack integration, and scalable backend (MongoDB).

## EDUCATION

**Cornell Tech of Cornell University**, New York, NY May 2024

*Master of Science in Information Science, Concentration in Connective Media* | Merit Scholarship | Women in Tech Co-President

**New York University**, New York, NY Sept 2021

*Bachelor of Science in Media, Culture, and Communications/ Global Public Health* | Summa Cum Laude with High Honors
